

MEF ANNUAL STAFF PARTY 2015

Following last year's grand annual staff party that highlighted our 20th Anniversary, calling this year's celebration as another grand success will be more appropriate as it's everyone's once-a-year experience that matters - sheer bliss and entertainment. Everybody was well prepared as we geared up on our cocktail attires just as how the venue was well concocted for a memorable one-night blast. It was kicked off by our very own Master of Ceremonies, Mr. Biji Joseph, co-mceed by Ms. Mary Adeline. The event was formally opened by Mr. Saeed Al Malik with his inspiring speech and it was followed by another motivational speech from Mr. Ono of Fuji Trading Japan. This year's annual staff party welcomed new staff to the Middle East Fuji world. We had enough dose of entertainment as our dedicated and hard-working staff showcased multiple talents. Needless to say, the food was great and the liquor was just right for everybody to feel good and hyped up. Excitement was surely felt by each and everyone especially the lucky winners of the 10 major prizes, and every kid left the venue with great joy in their hearts. Most importantly, the event emphasized on "Unity and fellowship – Symbolizing an end as well as beginning". Mr. Malik & Mr. M. Ono gave us a glimpse of what transpired in our previous corporate year, and what lies ahead and in the current year in terms of developments, company goals, and new targets.

Meanwhile, we continue to work harder to surpass what we achieved in the previous years. We continue to help and build each other to yield far better results. Inspired by our families and with our own personal goals, we continue to end each day with a good feeling that we took care of business. For sure, all this hard work and dedication will pay off.

So long, folks! Next year's annual staff party awaits us!

MEF EMPLOYEE OF THE QUARTER

As per Tony Robbins quoted "People who succeed have momentum. The more they succeed, the more they want to succeed, and the more they find a way to succeed. Similarly, when someone is failing, the tendency is to get on a downward spiral that can even become a self-fulfilling prophecy". Nothing comes easy in life. You have to keep learning because life offers a lot of chances, a chance to grow and to succeed. It's really up to us on how we deal with it in order for us to achieve our goals. In the 1st quarter of 2015, three of our colleagues were selected to be the Best Employees of the Quarter.

They are:

- Rex Jovan (Fujairah)
- Princess (Navy logistics)
- Eva Stella (Administration Department)

MEF Basketball League 2015

On behalf of the team, we would like to thank you for all of your support. Without all of you it wouldn't be possible. We were able to build our camaraderie, belongingness and spirit of sportsmanship. Furthermore, we were able to promote friendship with the other teams most especially with our fellow **KABAYAN**. We were so glad that for the first time we were able to compete and show our individual talent and ability not only within the organization/company but also with other groups. With the series of activities we have joined, we might not be able to bring the gold but the team was optimistic enough to have a good standing. Indeed, the team learned and understood what **TEAMWORK** really is.

Teamwork is what the Green Bay Packers were all about. They didn't do it for individual glory.

They did it because they loved one another.

MEF Basketball Team Won Best Muse....

Last 13th of February 2015 at Bin Sultan School gym. The basketball tournament was indeed successful. It was participated by all of our "**Kabayans**". It was one way also of creating friendship through sports. It was not all about "winning" the game but it is all about camaraderie and sportsmanship.

It is used to be that in every league like basketball, there are muses that will represent every team. For MEF, Ms. Clare & Ms. Jenny served as our muses. We have won the Best Muse award. It just implied that we have the talent and beauty as well.

We are not perfect. That's why we have what we called "room for improvement". Learning is a life long process. No matter how hectic their schedule are no one can stop them in showing what they have got. MEF proudly presents the Best Emcees. They are trying to prove to us, that indeed success pays off hardships. As we all knew that public speaking isn't easy especially if we are not used to it. But here in MEF, we learned not because we have to but because we want to discover what are we capable of doing. Given this opportunity we are able to boost our confidence and self esteem. But then again among of the teams who took turn, there were 3 teams who stand out.

The Reason I'm Tired!

For a couple of years I've been blaming it on lack of sleep and too much pressure from my job, but now I found out the real reason: I'm tired because I'm overworked.

The population of this country is 237 million. 104 million are retired. That leaves 133 million to do the work.

There are 85 million in school, which leaves 48 million to do the work.

Of this there are 29 million employed by the federal government, leaving 19 million to do the work.

2.8 million are in the Armed Forces, which leaves 16.2 million to do the work.

Take from the total the 14,800,000 people who work for State and City Governments and that leaves 1.4 million to do the work.

At any given time there are 188,000 people in hospitals, leaving 1,212,000 to do the work.

Now, there are 1,211,998 people in prisons.

That leaves just two people to do the work. You and me.

And you're sitting at your computer reading jokes!
