# ACHIEVING OPERATIONAL EXCELLENCE

Combining local insight with a remarkable global outlook, Middle East Fuji and Khimji Ramdas are two major organizations that created Middle East Fuji Khimji Shipping LLC (MEFKS) as a joint venture.

Launched in the UAE in 2010, MEFKS has ever since successfully managed to meet escalating demands for marine support services and offers customized ship agency and marine supply solutions for both, offshore and onshore services.

In a short span Middle East Fuji Khimji Shipping has expanded its footprint and diversified the scope of operations to include a large bouquet of ship agency functions.

To offer customized time defined services, we endeavor to exceed expectations with a fast turnaround that capitalizes on operational efficiency to deliver substantial cost savings.

Our integrated portfolio of Marine Agency Services and Offshore Support is ideally complemented by our comprehensive services encompassing Logistics, Transit Management of Ship Spares and Transport.

Constantly raising the bar of our service quality underpins our service delivery standards and defines our enthusiasm, passion and commitment. Whatever the size of your company or vessel, we strive to deliver world-class service with efficiency and keen attention to detail.

Our Service Quality Questionnaire feedback speaks volumes of the positive impressions our customers experience in their frequent interactions with us.

Our comprehensive skill sets and years of expertise ensure we can support every type of vessel from oil tankers and cruise liners to cargo ships and private yachts.

**CUSTOMIZED SERVICE + FAST TURNAROUND  
= MAJOR COST SAVINGS**
